**Lost & Found**

A TruBall release was left out at the range June 22nd, it was put on the bulletin board so the owner could retrieve it. Sometime after June 26, someone took the release off the board. Please return the release so it can be returned to it's rightful owner. We know we have great members who would want someone else to return their equipment if they were to lose it, please put the release in an inconspicuous place and then contact me and I will get it to it's rightful owner anonymously. Thank you for your assistance.

## A word from your President

My fellow Field Archers,

I can't believe how fast the summer is flying by. But now that I know where I will be chasing antelope, deer and elk this year, I really have something to look forward to very soon. I hope everyone drew the tags they were hoping for and are as excited as I am to grab the bow and get after some critters.

I want to thank everyone that came out and helped with Super Day and the State Field shoot. Both events were on the same day and it took some doing to pull both off, but we did and did it with style. The turnout for Super Day was amazing as usual, the line was always long and there was more than one smiling face as they walked away...thanks to all of you that were there. Again, I am very proud to be a part of such an organization like the Cheyenne Field Archers.

The biggest shoot of the year, for us, is fast approaching; Bowhunter's Weekend is in less than a month. There are a lot of folks working feverishly to get everything together and make it the best shoot possible. But, we can always use some more help. Most of the prep work is being taken care of; it's the setup and teardown that needs more hands. The shoot dates are 4-5 August, we will be setting everything up on Friday, August 3<sup>rd</sup> starting at 8 am. Anyone that can lend a hand, please come out and pitch in. We are working with the food vender to see if they can be there to provide some good eats and the club will buy for anyone that comes out to help. If you can't help, come out on Saturday and shoot with us. I promise you will have a great time and get a little tuned up for hunting season. If you have any questions about the shoot, call me.

As always, if you have any concerns or ideas for the club, feel free to call me anytime. My number is 307-631-6507.

Thanks,

Dan
