A word from your President

Once again we had our October meeting and there were a great number of issues because we did not meet in September. I think the big thing is we now have a new Webmaster. Let's all welcome Michael King who has volunteered to do the job. Let's also give Anita a big thanks for keeping our pages up for such a long time. The other big thing that came up is we are now going to require EVERYONE to attend one membership orientation. That means old members as well as new members to the club. These will be somehow tied into the renewal process as well as for those joining the club for the first time. We still have to work thru the details on this but I can assure you that we will try to make this as painless as possible for all involved. It is our hope that this may be a solution to some of the problems we have been having at the range these past few months. I would also like to ask that when you take that hunting trip that you take your camera. We need up to date pictures out in the range.

3. Mike Hoover-said we aren't going to stop it, you have to catch who is doing it.
4. Neal Perkins-said the board has to do something when they do catch who ever is doing it.
5. Bob Day said there are steps when someone catches a member vandalizing the club property. Someone needs to personally see them do it, then that person has to go to court to testify that they saw them vandalizing the club's property. He said that they are looking at different locking systems including cameras. It will report who was in the building and when. Then it will be up to the members to report vandalism, the board can then see who was in the building at the time and can use the information to prosecute.
6. Other Suggestions: a) mandatory orientation for new members b) print a banner with the club rules; and c) do a survey of the club members and have them vote on the issue.

- c. **Mandatory Orientation**- Neal Perkins said he liked the mandatory orientation; and John Wilson said that before Joad starts up there is an orientation. - d. **Club Website(Webmaster Appointment and upgrades)**. Since our webmaster, Anita Huber moved and is no longer a member of the club, the word went out that we needed a new webmaster. Gary Cox indicated mild interest. Renee Krawiec said she would do it, if we can't find anyone else. And then Michael King said he would do it. So thank you, Michael for stepping up and for those who offered.

- c. **Parks and Recreation** presented a plaque for those CFA members who helped with their Outdoor Adventures-Archery Program.
